

MAKING STRONGER THINGS WITH SMARTER LUMBER

All plastic lumber is not created equal.

If you manufacture outdoor furniture, or products for playgrounds, parks and recreation, you may have discovered that the hard way. Trust Bedford Technology plastic lumber every time. Our SelectForce® and FiberForce® CX lines will make your finished products look exceptional and out-last wood and composite plastic products by a mile. Our materials are fade-proof, waterproof and available in a variety of profiles, colors, sizes and beautiful finishes.

Our CX product lines are non-structural, premium furniture grade plastic lumber sold exclusively to our OEM manufacturing customers who design and manufacture outdoor furniture and accessories for the retail market. CX products are ideal for patio furniture sets, chairs, trash receptacles, park benches, golf course signs and commercial playground equipment.

We'll also customize the lumber to meet your specifications. Contact us today to learn more.
